

Tributary

June 2021

Wow, River Island East! What a beautiful place to live. I hope everyone has taken the time to look around and appreciate just how beautiful it is in our community. Part of what makes RIE such a beautiful place to live are the standards the community has developed. Have you reviewed them lately? If not, now is a perfect time to dust them off.

Just a few reminders-

- Please clean up after yourself before you leave the pool.
- Green waste- The yard guys (Silva's) are only paid to remove the waste they create. If you want them to remove your personal tree/bush trimmings, be prepared to pay for the additional service.

As a newcomer to RIE, there is much I do not know but I have learned there are a lot of helpful neighbors that you can ask and who will point you in the right direction.

The nice part about living in a small town is that when you don't know what you are doing, someone else does.
